Dear Parents, Guardians and Members of the School Community,

April 2019

I hope this letter finds you well. I am writing to provide you information about the 2017-18 New Jersey School Performance Reports, which were recently released and are available on the NJ School Performance Reports webpage at www.njschooldata.org.

The School Performance Reports reflect the New Jersey Department of Education's (NJDOE) extensive efforts to engage with parents, students and school communities, and share the information that is most valuable in providing a picture of overall school performance. We encourage you to use these reports to:

- **Learn more** about your school and district
- **Start conversations** with school community members and ask questions
- **Engage** with school communities to identify what schools are doing well and where they can improve

Enhancements to the 2017-18 School Performance Reports

The 2017-18 reports include changes that respond to stakeholder feedback collected through a feedback survey, at parent round tables and workshops, and from stakeholder engagement throughout the year. These changes include:

- **More informative, easier to understand** one-page Summary Reports
- **Additional navigation tools and an improved search page** within the reports
- **Emphasis on student growth** with the growth section of the reports newly featured before the academic achievement section in the reports
- **More information** about Career and Technical Education (CTE) programs, dual enrollment, graduation pathways, progress toward English language proficiency, staff demographics, and discipline

One-Page Summary Reports

Along with the full reports, one-page Summary Reports for each school and district are also available. The Summary Reports provide a high-level summary of how well a school or district is performing with data that address questions such as:

- How does our students' growth compare to students' growth in other districts?
- Are students at risk?
- How did students perform on assessments?
- Are students college and career ready?
- Do they have access to high-level coursework and arts courses?

A Summary Report Guide is also available on the School Performance Reports webpage to explain the different data points on the Summary Reports.

The NJDOE continues to seek public input on ways to improve future reports. Please complete the feedback survey at www.surveymonkey.com/r/VKNTTRC or email reportcard@doe.nj.gov with feedback and suggestions.

Thank you,

Mission Statement: The production of intelligent, competent, compassionate, and community-minded students who will teach others to be, to know, and to do likewise.
